# Who We Are

The *Geo-Graphics Inc.* mission is to provide professional land surveying and civil engineering services to both private and public clientele. As a service firm, we pride ourselves on delivering professional quality in our products, and we believe that the quality of our products is a direct result of the quality of our people. 2011 marks our 22<sup>nd</sup> year of continuous service to the land development industry.

*Geo-Graphics Inc.* was formed in January of 1990 as a sole proprietorship by George Schweitzer. Robert Blackburn joined the company in April of 1993, and we subsequently incorporated in January of 1996. Bob retired in December of 2006, and currently serves as a development consultant.

# What We Do

*Geo-Graphics Inc.* has successfully completed a wide array of projects in surveying, civil engineering, land development, and construction management. We have the capability to work in Ohio or in any of the contiguous surrounding states. Our engineering design focus is in the following areas:

1. Commercial – One to Three Acre site development for Restaurants, Grocers, Lodging, and other business uses
2. Commercial – Shopping Complexes and Big Box User Site Development, Office Parks
3. Residential – Single Family Subdivision, Multi- Family Apartment and Condominium Development
4. Educational and Athletic Facilities
5. Construction Layout
6. ALTA, Boundary, Topographic and Engineering Surveys using conventional and GPS technology
